Logbook for one year training

اختصاص دقيق في أمراض السكري والغدد الصم والاستقلاب

Subspecialty in Diabetes, Endocrine, and Metabolism

Student ID:

Student name:

Program Director (Head of trainer) signature:

Date:

Learning objectives

- The fellow should have minimum 200 sessions of clinical training each year.

- A minimum total of 300 new endocrine consultations and minimum 500 endocrine follow-up visits should be seen each year.

- The student should have a logbook for the cases he sees over the training years. No examination allowed unless 50% of the program in the logbook finished and signed by the supervisor in the first year and 100% over the training years (Appendix-B).

- Over the training years fellows are evaluated each month by Supervisor on their outpatient services.

- Supervisor should sign each case on this logbook.

- Trainees must submit logbooks to their supervisor every month and to the program director (head of trainer) every 6 months for certification.

- Minimum one national and one international activity with CME should be attained each year.

Distribution of cases each training year		
Endocrine disorders		**Minimum Number of cases each year**
Adrenal disorders	**10%**	**80**
Pituitary disorders	**10%**	**80**
Female reproduction and transwomen	**7%**	**56**
Male reproduction and transmen	**7%**	**56**
Thyroid disorders	**15%**	**120**
Pediatric and transition endocrinology	**5%**	**40**
Endocrine total	**54%**	**432**
Diabetes and metabolism		
Diabetes and hypoglycemia	**24%**	**192**
Calcium and bone health	**10 %**	**80**
Lipid, obesity, nutrition, sleep apnea and fatty liver	**10%**	**80**
Sodium and water disorders	**2%**	**16**
Diabetes and metabolism total	**46%**	**368**
Endocrine diabetes and metabolism total	**100%**	**800**
